Anthony Bocchi, Esq.  
Magdalena Giandomenico, Borough Clerk

**Mayor Misciagna read the compliance statement earlier as required by the Open Public Meeting Act, P.L. 1975, and Chapter 231.**

**Opened Work Session adjourned to Closed Session at 6:46pm**  
**Opened Work Session reconvened at 7:00pm**

- I. **Telecom Facility at 208 Hawthorne:** Mayor Misciagna spoke about how the currently existing pole will be updated and the new pole will be 6in taller, within allowed standards. The application came back in April 2019 and was under review with the Borough Attorney Alampi at the time and FCC regulations stipulate they do not need the Borough permission and height restrictions are upheld, but he never spoke to the Mayor about this. Mayor Misciagna asked Bocchi to fact check that the Borough does in fact have not authority based on the FCC regulations.
- II. **2020 Street Paving:** Council President Mintz spoke about the 2020 road program and proposed roads and the funding including applying for DOT grants. Cost estimate and street mapping included in the minutes below.
- III. **Recycling Center:** Borough Administrator reported that the recycling center will be opened this upcoming Wednesday from 9-2:00pm, but staff will be there to 3:00pm incase there is a need.
- IV. **Antibody Testing:** Will be offered May 26<sup>th</sup> to the employees here at the Boro. It will be a drawing of blood, id and insurance card required and will take place at the community center from 10-5:00pm.
- V. **Mayor Update:** There has been no change in COVID numbers since May 15<sup>th</sup>. The Turf will be done after June 15<sup>th</sup>. The Mayor is working with the Borough Administrator on setting up a drive-in movie night or several for the residents and have local businesses sell and deliver food.
  - i. Councilman Ferguson asked if the fields and pool are off limit? The Mayor said there might be a possibility to do batting practice, but nothing is confirmed and possibly open the fields within guidelines. Tennis courts will be opened for singles. Council President Mintz said how the pool

would be ready to operate within a four-day notice and would do daily badges since the capacity of occupants will probably have to be limited.

**Open Work Session adjourned at 7:50pm**

On a motion made by Councilwoman Epstein and Seconded by Councilman Farinaro to confirm. Motion carried unanimously.
