RESOLUTION NO. 021-286**

**RESOLUTION URGING TETERBORO AIRPORT, THE FEDERAL AVIATION
ADMINISTRATION AND THE PORT AUTHORITY OF NEW YORK/NEW JERSEY
TO MODIFY FLIGHT PATHS TO TETERBORO AIRPORT**

WHEREAS, the Governing Body of the Borough of Park Ridge recognizes the serious negative impact on its residents resulting from the barrage of business jets flying overhead for arrival at Teterboro Airport; and

WHEREAS, the detrimental effect of low flying jets at high rates of speed with low altitudes often on a descending path, generating high pitched, loud, whistling and roaring engines degrades the quality of life for Borough residents; and

WHEREAS, the Governing Body has received numerous calls and emails from citizens directly affected by the change in flight patterns, with Park Ridge neighborhoods increasingly affected by noise, light and air pollution from low-flying aircraft; and

WHEREAS, the flight patterns of jets arriving also impacts the tranquility and quality of life for residents in other municipalities and such flight paths rely on an Instrument Landing System (ILS), which system has lately guided upwards of 200 arriving business jets per day, often 30 during a busy hour, over the homes of residents in the path, generating unreasonably high levels of noise pollution; and

NOW THEREFORE, BE IT RESOLVED, by the Mayor and Council of the Borough of Park Ridge, Bergen County, New Jersey that the Governing Body strongly urge Teterboro Airport, under the auspices of the Federal Aviation Administration and with the necessary involvement of the Port Authority of New York/New Jersey to make all necessary efforts to implement an alternate flight path in order to reduce the excessive noise pollution over the current ILS path and diminish the frequent abundance of flights over the narrow strip of land leading from Park Ridge to the south; and

BE IT FURTHER RESOLVED, that the Borough Clerk be and is hereby authorized and directed to forward a copy of this resolution to all interested parties upon its passage.

Mayor Misciagna calls for a motion to adopt Res. No. 021-287 – Resolution to form Park Ridge TANAAC

NEW YORK/NEW JERSEY TO MODIFY FLIGHT PATHS TO
TETERBORO AIRPORT**

WHEREAS, the Governing Body of the Borough of Park Ridge recognizes the serious negative impact on its residents resulting from the barrage of business jets flying overhead for arrival at Teterboro Airport; and

WHEREAS, the detrimental effect of low flying jets at high rates of speed with low altitudes often on a descending path, generating high pitched, loud, whistling and roaring engines degrades the quality of life for Borough residents; and

WHEREAS, the Governing Body has received numerous calls and emails from citizens directly affected by the change in flight patterns, with Park Ridge neighborhoods increasingly affected by noise, light and air pollution from low-flying aircraft; and

WHEREAS, the flight patterns of jets arriving also impacts the tranquility and quality of life for residents in other municipalities and such flight paths rely on an Instrument Landing System (ILS), which system has lately guided upwards of 200 arriving business jets per day, often 30 during a busy hour, over the homes of residents in the path, generating unreasonably high levels of noise pollution; and

NOW THEREFORE, BE IT RESOLVED, by the Mayor and Council of the Borough of Park Ridge, Bergen County, New Jersey that the Governing Body strongly urge Teterboro Airport, under the auspices of the Federal Aviation Administration and with the necessary involvement of the Port Authority of New York/New Jersey to make all necessary efforts to implement an alternate flight path in order to reduce the excessive noise pollution over the current ILS path and diminish the frequent abundance of flights over the narrow strip of land leading from Park Ridge to the south; and

BE IT FURTHER RESOLVED, that the Borough Clerk be and is hereby authorized and directed to forward a copy of this resolution to all interested parties upon its passage.
